

## MA RA BA - STAR ELIXIR

Oscillates under the aspects of the earth.

This Star Elixir can unfold, expel, detoxify and purify. It is also a growth elixir.

MA RA BA oscillates under the colour light green and carries the core of the most powerful creature on earth: the tree. It has the potential to produce very deep roots, helps with missing grounding and can trigger a strong connection to Mother Earth. A further potential can be found in the development and recovery. It works down to the cell level, therefore it can be applied well after the treatment of «cell disorders» together with SA MA RA.

MA RA BA can have a polarizing and centering effect.

It can be used very well for all physical complaints (also good for phantom pain).

Dosage should be tested individually. Our consultants are at your disposal.

## **TECHNICAL DETAILS**
